March 4, 2021

**To:** Our Valued Bedding Plant Customers

**Subject:** NKUC 2021 Bedding Plant Sale

As we are now moving into the second year of operation under COVID-19 restrictions, there will be an impact on the logistics of our annual bedding plant sale, however if there is no tightening of our current rules, we are confident that we can proceed with the sale and delivery of the plants while keeping within the guidelines. To that end, the following is our plan:

- ◆ Our supplier of 2021 is Glenlea Greenhouses, as it was last year.
- ◆ Order forms will be available on line, as well as some paper copies will be set out in the Narthex at the church. We would encourage those who are able, to print the on line copy.
- ◆ Glenlea Greenhouses have discontinued printing a paper copy of their catalogue, however the full catalogue is on their website by clicking the following: <https://www.glenleagreenhouses.com/pages/catalogue> then click on Download PDF to display the entire catalogue.
- ◆ Once you have your order form completed, please calculate the cost of the plants in each of the four columns and add up the total cost of all items in your order. If you will then attached a cheque made payable to NKUC for the full amount and either drop it along with the order in the mailbox at the church, or mail it to the church at the address shown above.
- ◆ All orders must be received at the church on or before **April 8, 2021**.
- ◆ The Pick-Up date for your plants will be **May 20, 2021**. As we did last year, once orders are picked, we will call to advise you that you can come to the church to collect you plants. For those who are able to come during the day, we would appreciate you picking them up as quickly as possible to avoid congestion later in the day.
- ◆ It is our intention to also have bags of top soil for sale again this year.
- ◆ Remember, not all of the products listed in the Glenlea catalogue are available on our order form, however Glenlea Gift Cards are available in \$25.00 denominations. If you purchase gift cards, they can be redeemed at the Glenlea Greenhouses in St. Agathe for any items that they have in their catalogue, but they cannot be ordered through NKUC.

This annual plant sale has become one of the major fundraisers for our church, and especially important during these difficult times. We ask that you encourage your relatives, friends and neighbours to purchase their plants through NKUC as well. The plants were beautiful last year, and the growers are expecting very strong sales this spring and warn that they could sell out of certain items, so placing your order with us will ensure you get your plants. In the event COVID restrictions are increased prior to placing our order with Glenlea, your payments will be refunded.

For more information, contact Lorraine or Clayton Gording at 204-663-4552 or email at [claytongording@gmail.com](mailto:claytongording@gmail.com) . Thank you for your support.
